

Scale Levels and Descriptions

1	NO AI	The assignment is completed entirely without AI assistance. This level ensures that you rely solely on your knowledge, understanding, and skills. Copying and/or pasting AI responses without modification is considered plagiarism and may lead to disciplinary actions including expulsion from class.
2	AI-ASSISTED IDEA GENERATION, CONCEPT CLARIFICATION, AND STRUCTURING	AI can be used in the assignment for brainstorming, creating structures, studying concepts, and generating ideas for improving work. Copying and/or pasting AI responses without modification is considered plagiarism and may lead to disciplinary actions including expulsion from class.
3	AI-ASSISTED EDITING	AI can be used to make improvements to the clarity or quality of student created work to improve the final output, but no new content can be created using AI. Copying and/or pasting AI responses without modification is considered plagiarism and may lead to disciplinary actions including expulsion from class.
4	AI TASK COMPLETION, HUMAN EVALUATION	AI can be used to complete certain elements of the assignment, with students providing discussion or commentary on the AI-generated content. This level requires critical engagement with AI generated content and evaluating its output. You will use AI to complete specified tasks in your assignment. Any AI created content must be cited.
5	FULL AI	AI should be used as a 'co-pilot' in order to meet the requirements of the assignment, allowing for a collaborative approach with AI and enhancing creativity. You may use AI throughout your assignment to support your own work and do not have to specify which content is AI generated.
